Dear Mr Hoyle

As you have requested an apology I am sending this by email and hard copy and hope that the following will be accepted in the manner that it is offered and we can now draw a line under all the issues and concentrate on the Plan.

Perhaps in hindsight I should have been more vocal in attempting to counter and explain the nuances of all Mark's accusations at the Steering Group meeting on the 5th January 2015 but I truly believed that they had all been "addressed" at the previously held "informal dialogue with the exception of the Police issue.

I am still at a loss to understand how I am solely to blame for the issues around "Fruition" / the website and the blind copying/ etc.

I accept that my actions re the Pavilion in the harbour were possibly ill advised but I was trying to follow the caveat regarding the Local Plan and the necessity of the Torquay Neighbourhood Plan being in conformity, however, what is done is done.

I accept that perhaps some of my actions, in hindsight, have not been the best but in my defence the Torquay Neighbourhood Plan was uncharted waters and all I have wanted is the best for Torbay, hopefully the Steering Group will accept that I acknowledge my mistakes and allow us to get the plan done.

Many thanks

Mrs S Colley, SRN
